## Transition grade 4/5

Information for parents about the transition to secondary schools for children with special educational needs

Schulamt für den  
Hochsauerlandkreis

**Dear parents,  
Dear legal guardians**

After the summer holidays, your child will attend fourth grade and receive a special educational support there.

In the fall, you will have to make a decision about school choice. Therefore you will be invited to a **consultation** about your child's future school career at your **local primary school**.

As part of this consultation, you will sign a form on which your request will be noted.

The current **class leader** knows your child well and will **support** you in making the right decision.

With this flyer we would like to provide you with important information so that you can clarify any questions you may have.

Your inclusion team in the HSK school district

## Your right to vote

If your child continues to need special educational support after the 4th grade, you legally have the choice between **two possible support locations** for your child (see § 16 AO-SF):

### Attending a general school

(Primary school, secondary school, upper secondary school, comprehensive school and possibly high school)

*Your child will learn alongside children who do not require special educational support.*

*Inclusive schooling means that your child continues to receive special educational support. General school teachers as well as special education teachers and, if necessary, other specialist staff are available for this purpose*

### Attending a special school

*Your child will usually learn in smaller groups with children who need similar special educational support.*

*For this purpose, only special education teachers and additional specialist staff work with your child at special schools.*

## Timetable

### Summer

#### Start of 4th grade

Use this **flyer** and the listed **homepages** to find out more.

### Autumn

#### Counseling sessions at primary schools

Decision: Should your child attend a **general school** - joint learning - or a **special school** from grade 5 onwards?

### January / February

#### 4th grade semester

The **school authority** will inform you at which general school or special school your child has received a place.

### February / March

#### You register your child at the named school

- the place is safe -

The **registration dates** for general schools and special schools can be found on the respective **homepages** and shortly beforehand in the **newspaper**.
